

# VPH range

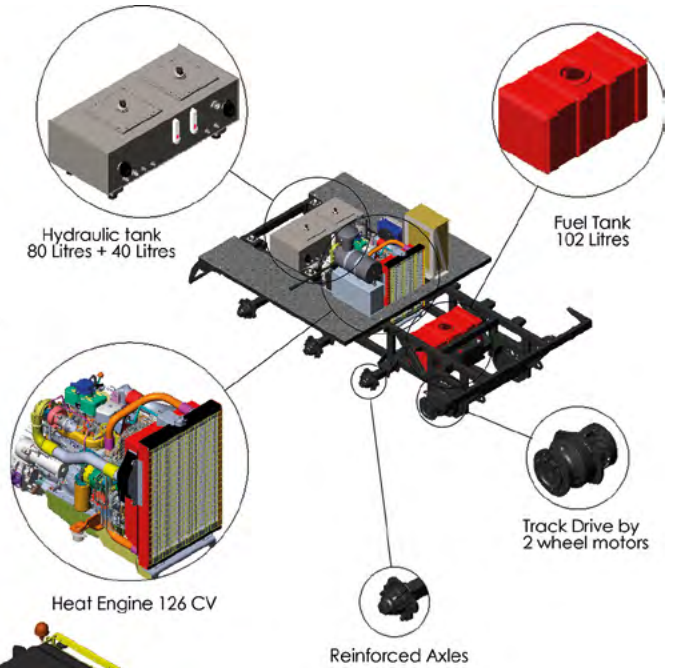

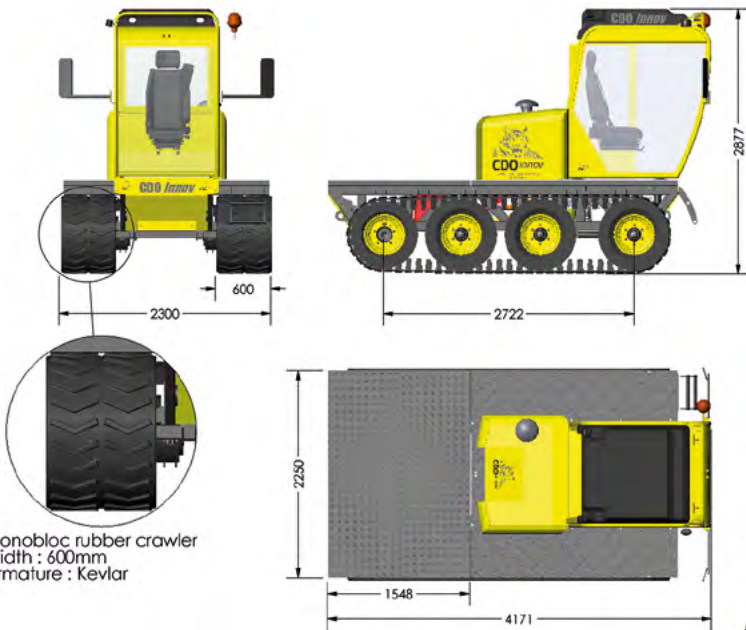

FRANCE

**VPH** are carrier rubber tracked vehicles specialized in access to low-bearing environment. Every single VPH is manufactured in France in our workshops located in Machecoul (south of Nantes) with high quality components. Our solutions are CE certified, CDO Innov' VPH are eligible for machinery regulation (2006/42/CE).

### Areas of application:

- Displacement in areas of low bearing capacities
- Transport of persons (mountains, marshes...)
- Agricultural work (fertilizer spreader, sprayer)
- Crane loader (up to 5 tons meter)
- Forestry Works (skidder, crusher).

Patented

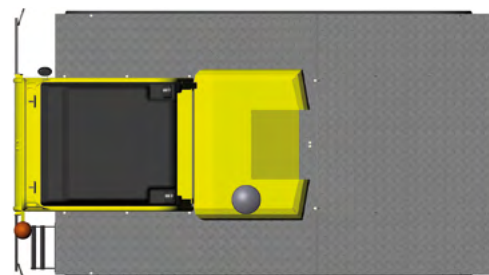

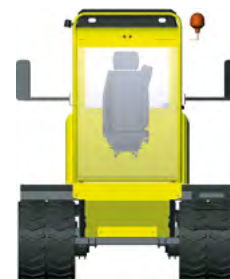

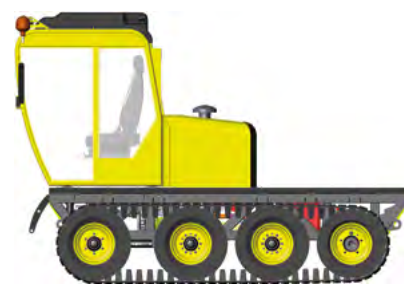

# VPH range

## Advantages

- Polyvalence: rear and front hitch
- Speed: 25 to 30 km/h on request
- Several areas of application (fertilizers, vines, transportation...)
- Efficiency: strong hydraulic power available for the tools (variable-delivery pumps)
- Robustness: axles, reinforced tubular frame
- Different capacities and engines on request
- Single or twin rear wheels
- Environment: low bearing on the ground > low impact
- Technology: Danfoss electronic calculator
- Tailor-made and evolutive programming
- Crawler manufacturer
- Homologation: road and Apave regulation
- Comfort and ergonomic cabin: High maneuverability

## The tools you can use with our VPH:

- Joystick Piloting
- Joystick Piloting (calculator)
- Power Take-off
- Primary hydraulic exit
- Additional hydraulic exit
- Harness 1,500 kg
- Harness 3,000 kg
- Simple Cabin
- Forest Cabin Agricultural Cabin
- Air Conditioning

	VPH8	VPH10	VPH13
			
Engine	80 Hp	100 Hp	130 Hp
